**Directions to:
100 W. El Camino Real, Suite 74B
Mountain View**

My office is located within the Two Worlds complex located on the northeast corner of Calderon Avenue and W. El Camino Real in Mountain View. (Note that Phyllis Ave turns into Calderon at its intersection with El Camino Real.) As you turn onto Calderon from El Camino, you will *immediately* see two opportunities to turn right which together make up a kind of short half-circle driveway. Go ahead and take the second right. At this point you can park in any uncovered space.

In the highly unlikely event there is no parking available, you can drive through the parking garage straight ahead (which is the ground floor of one of the buildings) and park in the open parking lot on the far side of it.

From the first lot, which is where you will likely park, walk to the far (East) end of it. To your right (South), you will see a large gated parking area that comprises the first floor of a building. Take the walkway to the left of this building. This will bring you into an inner courtyard. Stay veering left and look for Suite numbers. Two doors down, you will see "74B" in very small print on the door.

Have a seat in the waiting room. Help yourself to some water or tea if you like. I will look for you at our scheduled time.

For your convenience, here is a google map link:
